

Mini keg starter kit Brewferm® with Party Star Deluxe

Art. 058.022.4PS

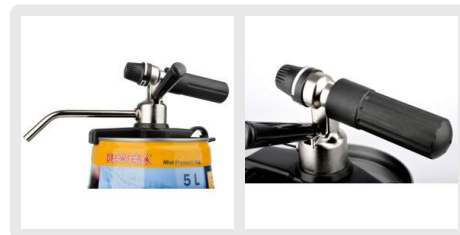

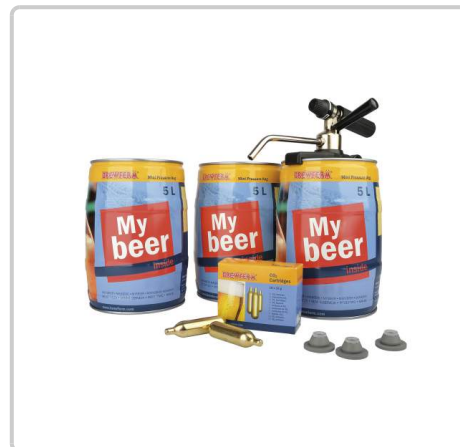

<http://www.brouwland.com/en/qr/058.022.4PS>

If you're tired of filling bottles or might be planning to have a party, you'd best choose a mini keg! Put your beer in a keg, add 3 g of sugar/litre and let the beer ferment in a warm place. Then place the keg in a cool environment. After just a few days, you can tap your beer for consumption. The CO2 pressure gives your beer a beautiful head. There is never any contact with the outside air so your beer is preserved for at least a couple of weeks.

Content:

- 3 handy 5 l mini kegs with special rubber plug.
- Party Star Deluxe beer tap: a special CO2 tap head with adjustable beer flow and CO2 discharge.
- 10 CO2 cartridges 16 g.

This product is the successor to the Mini keg starter kit Brewferm® (Item No.:058.022.4 – out of assortment).

BREWFERM®

Specification

Packing dimensions and weight:

Weight	3.2 kg
Length	45.4 cm
Height	31 cm
Width	30.1 cm
EAN code	5420069820206
Brand	Brewferm
